

# **Pennsylvania FFA Association Talent Competition**

**The 2006 Pennsylvania FFA Association Talent Show will, once again, be a competitive event with first and second place performances receiving plaques. Please read the following sequence of events.**

- 1. Talent show entries must submit videotapes of their performances with their FFA Activities Week entry materials. To participate in the talent show, members must also be involved in another activities week event.**
- 2. The video submitted must show the actual selection that will be performed so that the appropriateness of the material can be judged. Although not required, it is suggested that material have a positive or motivational message. This year's theme is, "Live The Passion". Material that would reflect the state officer theme would enhance the convention.**
- 3. Prior to activities week, a three-judge panel will review the videos submitted and select finalists based on the number of time slots available for performances at the general sessions. All applicants will be notified as to whether they have been selected to perform.**
- 4. On Tuesday afternoon, all contestants will report to ~~Eisenhower Auditorium~~ between 3 p.m. and 5 p.m. Participants must wear appropriate attire for auditions and shows. Following sound checks, stage set-ups and equipment checks, the actual contest will take place. To avoid conflicts with other CDE's, the order of performances may not be random. If a CDE is a conflict, please contact Lydia Everhart to assist in developing a schedule that will accommodate the contestants and judges alike.**
- 5. Each finalist will perform during one of the general sessions and the talent show results will be announced at a general session on Wednesday evening or Thursday morning.**
